Quiet hours at our park are from 10PM-7AM.

Does your dog need training or a bath? We have a trained professional on-site that guarantees that she can correct bad behavior within 3 days! Laurie's company is called "Paws for the Road" and you can reach her at 505-225-1200. Call or Text!

### PARK NEWS

This May we are working on cleaning up our park. All the weeds are starting to grow back! We are aiming to get the play ground set up for all the kiddos as well! Have some fun in the sun and pull out the bikes or your propane grills! Or even a lawn chair to soak up the sun! Just don't forget sunscreen!

### CHECK THIS OUT!

Are you familiar with Game of Thrones? Check out what the creator George R.R. Martin and his establishment Meow Wolf and the SFCC did for Earth Day! At the Santa Fe Community College "Ethyl" the life-sized whale was constructed entirely of recycled plastic to spread awareness about plastics impact on our oceans.

### SAFETY

With warmer weather comes fire danger! Please be conscious of cigarette butts and avoid disposing of them on the ground. Campfires are not allowed at our park because of the risk. We do have a tremendous amount of fire water storage on site. Your safety is our priority!
